Polls

# Breakout groups!

- You will be put in groups of 5-6 participants
- Use the google form link to input key takeaways from the discussion
- We might ask 2-3 groups to share in plenary, please assign one person to present from your group

During the pandemic, social enterprises have showcased an incredible ability to adapt and pivot quickly, showing a lot of dynamism to respond to the crisis. In light of these insights, **how can multilaterals and other similar actors better help social enterprises?**

### Welcome to the Local Economic Development Resource Page!

Government clients and the World Bank task teams have expressed growing interest in enhancing livelihoods, income generation, and job creation through Community-Driven Development (CDD) and Local Economic Development (LED) approaches. Given this, we have developed this resource page as a one-stop-shop on CDD and livelihoods/LED materials. We encourage you to check out all of the resources and documents on the page.

### Local Economic Development and COVID Recovery Webinar Series

Join us for an engaging LED webinar series providing structured learning with thought leaders, policy makers and practitioners to explore pathways for rebuilding local economies and communities better for resilient and inclusive sustainable recovery.
