# CDD GSG Survey Results - June 2019

We at the CDD Secretariat sent out a FY19 year-end review survey to CDD GSG members in May and June. The survey, which had 4 questions only, was a follow up to the earlier survey, to ensure that we continue to serve the demands of the community. In total, we had 28 respondents to the survey. Below, please find a snapshot of the survey results.
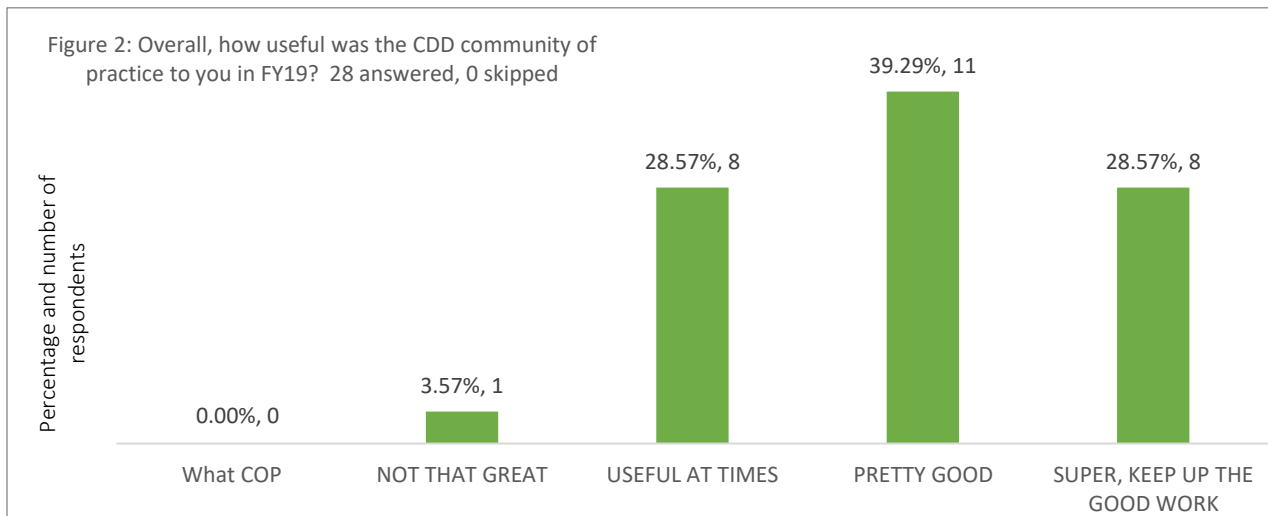

Q: Which of the following events and resources of the CDD CoP did you participate in or use in FY19? (we had responses from 28 colleagues)

Most respondents participated in CDD events during GSURR Forum and BBLs, conferences and seminar. In addition, participants used newsletter, operational support, peer review and helpdesk support and online resource library in FY 19 (see figure 1).
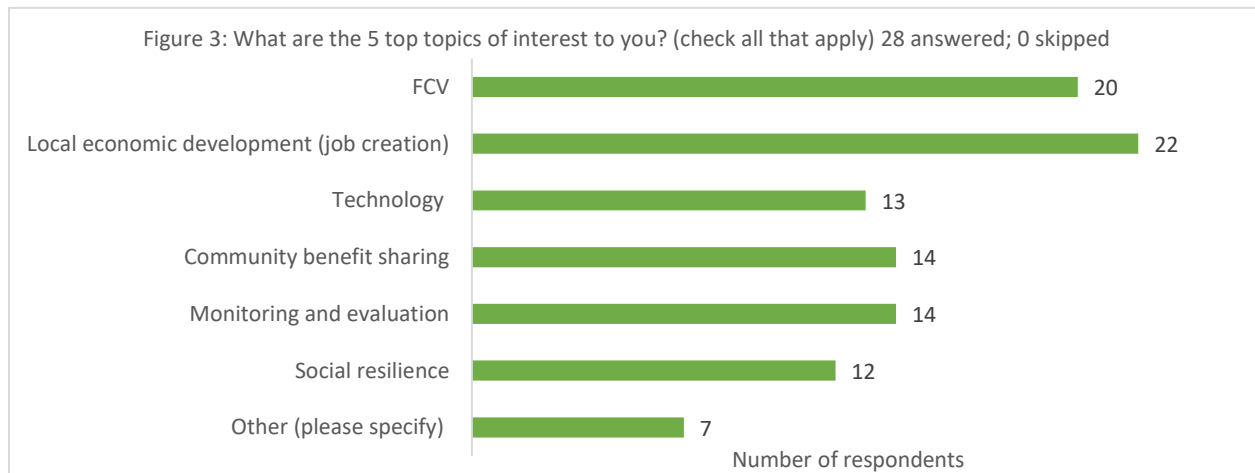

Figure1: Which of the following events and resources of the CDD CoP did you participate in or use in FY19? (check all that apply) 28 answered, 0 skipped

Category	No. of respondents
BBLs, conferences and seminars	18
CDD events during GSURR Forum and the Learning Week	20
CDD core course	4
Operational support, peer review, help desk	9
Onine resource library	8
CDD newsletter	16
Other (please specify)	3

Q: How useful was the CDD CoP to you in FY19? (we had responses from 28 colleagues)

Most respondents found the CDD CoP to be delivering services useful to them in FY 19 (see figure 2).

Figure 2: Overall, how useful was the CDD community of practice to you in FY19? 28 answered, 0 skipped

Percentage and number of respondents

What COP	NOT THAT GREAT	USEFUL AT TIMES	PRETTY GOOD	SUPER, KEEP UP THE GOOD WORK
0.00%, 0	3.57%, 1	28.57%, 8	39.29%, 11	28.57%, 8

Q: What are the 5 top topics of interest to you? (check all that apply – we had responses from 28 colleagues)

In identifying key topics that you would like us to focus on in FY20, **"local economic development" and "FCV"** were the front runners (see figure 3). In addition, participants expressed interest in topics including monitoring and evaluation, community benefit sharing, technology, social resilience, followed by a broad list of other topics, including urban CDD, social inclusion, institutionalization, CDD in Territorial development, and CDD specifically tailored for indigenous peoples.

Figure 3: What are the 5 top topics of interest to you? (check all that apply) 28 answered; 0 skipped

Topic	Number of respondents
FCV	20
Local economic development (job creation)	22
Technology	13
Community benefit sharing	14
Monitoring and evaluation	14
Social resilience	12
Other (please specify)	7

Q: What type of activities and resources would you like to see more of in FY20? (Open-ended response - we had responses from 20 colleagues)

Finally, when asked what you would like to see more of in FY20, we received lots of suggestions, including a focus on knowledge sharing, operational support and a focus on expanding the knowledge base and building talent. Below is a list of some key responses by category.

Knowledge-Sharing

- o Thematic learning exchanges among clients through Videocon; active engagement of the community members to organize events that country offices can participate
- o More cross regional exchanges on particular topics; discussions on CDD in specific regions

Just In-time Support

- o FCV, LED and M&E related activities – Just in time support, clinics
- o Direct support to project design, preparation and M&E

Professional Development - Building Talent

- o CDD courses for GG or GH level staff
- o Build the pipeline of CDD TTLs; more networking opportunities

Knowledge Generation/ASA

- o Develop a "key design decision" tree for each main area of CDD.
- o More deep dives and more peer review
