# DIFFERENCES BETWEEN THE NORDIC COUNTRIES, AUTOMATIC SPEED CONTROL

Figure 6 - Road sign for ASSC on open road

- ▶ Norway has both automatic fixed and section speed control
- ▶ Sweden has around 1000 fixed sites for speed control. All housings are equipped with a camera. In addition mobile vehicles and trailers equipped with camera
- ▶ Finland has also around 1000 fixed sites but only 100 cameras. Approx. 25 vehicles with camera for automatic speed check.
- ▶ Denmark. Mobile automatic speed enforcement.
