

# ZANZIBAR-TANZANIA Action Plan

Cultural Heritage & Sustainable Tourism TDD  
 Tokyo, Kyoto - Japan  
 June 11-15, 2018

JAPAN GOV  
 THE GOVERNMENT OF JAPAN

WORLD BANK GROUP  
 Social, Urban, Rural & Resilience

# ZANZIBAR- TANZANIA> Key Takeaways from TDD

1. Planning: Integration of Cultural Heritage Sustainable Tourism into overall urban development/regeneration master plan
2. Financing: the modalities for different projects, e.g, government subsidies, private sector financing and PPP
3. Implementation: joint force among stakeholders including communities, private sectors as well as government at all levels.

# ZANZIBAR – TANZANIA Implications

1. Local Engagement with sites and their resources. Disturbance of Archeological sites for various reasons
2. Lack of awareness among the stockholders
3. Vandalism of vacant old building and archeological site
4. Climatic changes

## <ZANZIBAR - TANZANIA> Actions to be Taken

- Short-term:
  - Development of Integrated Conservation and Heritage Master Plan including tourism development (2018-2023)
  - Technical assistance to DoMA to develop strategy plan and institutional strengthening
- Medium-term:
  - Restoration of Palace Museum including identification of the source for damage, development of options for restoration, technique methodology.
- Long-term:
  - TA for other heritage sites outside Stone
