

## VISIONING EXERCISE: MERUBAH GAMBARAN MANAJEMEN AIR PERKOTAAN

Di dalam kelompok anda, pikirkan bagaimana kondisi pengelolaan air di kota anda saat ini, dan kondisi seperti apa yang anda inginkan dalam 10-15 tahun ke depan. Anda dapat memilih satu kota atau Kawasan tertentu, atau untuk lokasi yang lebih umum. Kemudian buatlah suatu kolase menggunakan gambar-gambar dari majalah yang disediakan. Anda dapat menambahkan gambar dan tulisan.

Mohon gunakan 3 lembar flip chart

Lembar 1: Kolase yang menggambarkan **situasi saat ini**

Lembar 2: Kolase yang menggambarkan **situasi yang anda inginkan di masa depan**

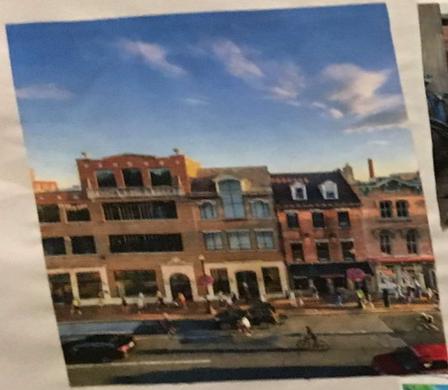

Lembar 3: Buat daftar **tindakan dan langkah-langkah** (kebijakan, keterlibatan masyarakat, dsb) yang diperlukan untuk dapat mewujudkan situasi yang diinginkan

Bersiaplah untuk mempresentasikan visi anda kepada kelompok lain
