INTRODUCTION

- KISIP is considered a unique project since its mainly concentrated in the informal settlements.
- Community Participation involves bottom up approach where we have the Settlement Executive Committee(SEC).
- This is a democratically elected committee comprising of different stakeholder groups

COMPOSITION OF THE SEC

3

The committee consist of 18 No. representatives from the different stakeholders groups;

- Tenants- 2,
- Landlords-2
- Youth-2
- Widows-2,
- Persons with disability-2
- Faith based organizations-2
- CBO-1
- NGO-1and
- Any other marginalized group-2, ex-officials-3
- (local Chief and Member of the County Assembly the county Government officer)

Process of formation of SEC

- The Government offers meet with the local chief who organizes meeting with the village leaders.
- The leaders mobilize for a major community meeting.
- The community conducts elections for each stakeholder
- The elected officials select their office bearers

Role of SEC...

Role of SEC

- ❖ Bridge
- ❖ Entry Point
- ❖ Mobilizers
- ❖ Decision Makers
- ❖ Handling Conflicts and grievances

Role of SEC

- Assist in prioritizing infrastructure projects upon consultation with the rest of the community.
- Assist in enumeration and identification of beneficiaries etc under security of tenure component.

Challenges

8

- ❖ Some committee members have become so powerful and influential posing a challenge to decisions made.
- ❖ In some cases they have become gatekeepers.
- ❖ They demand overpayment in some cases.
- ❖ Political interference

An upgraded road in informal settlement
