# COVID Action Platform

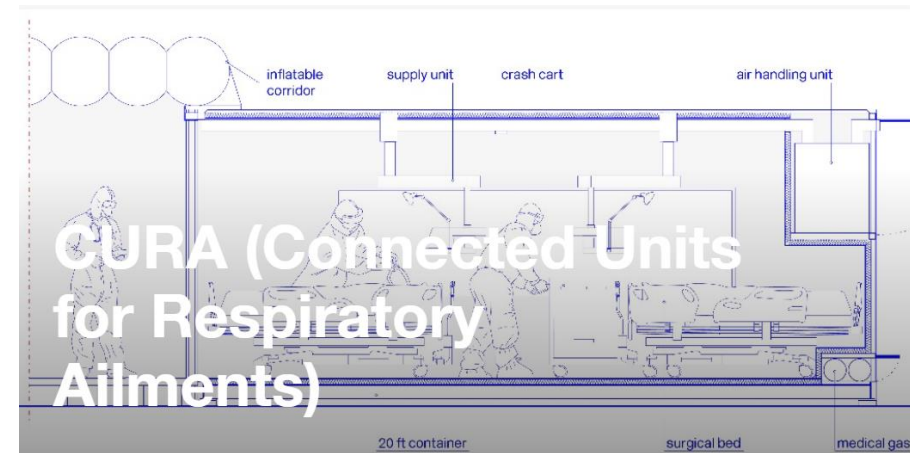

## A Snapshot

The COVID Action Platform, launched in early March, brings together multiple stakeholders to accelerate response efforts to COVID-19.

To Date:

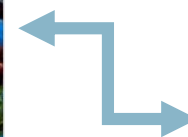

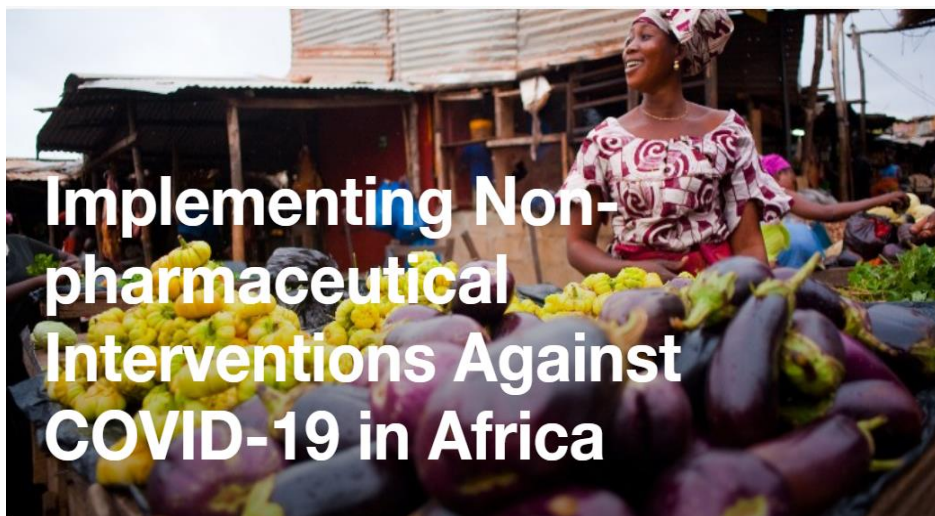

- 960 organizations
- 1450 members
- 25 Projects

Smart technologies are key components of the projects initiated:

**The projects are linked to accelerate public-private cooperation and introduce solutions to emerging markets:**

**Thank you. Please feel free to reach out if you have any questions:
